Customer Reviews

I'm not the best in math but I have had other math books which do a better job explaining the problems and giving clear directions. This book needs to be rewritten and more examples. My other class mates have formed this same opinion.

It's a good book but it would be better if it had better examples of the problems.

First time renting and it was a great experience.

It has been a BIG TREMENDOUS HELP! Thanks

It did what it was suppose to do

Good condition
