Customer Reviews

Quick and fun to read passages about even the smallest, most family friendly ski slopes in New England. I never knew there were so many little gems in the hills of New England.

The subtitle of this book is "A guide to New England Ski Slopes". Here is the book's "guide" to Killington, one of the largest ski areas in the United States: "Big bumps and nightlife. My first time at Killington, I barely met the description of an intermediate skier as I tackled Outer Limits and tussled with the snow repeatedly". That is what the book has to say about Killington. That is it. That is ALL

of it. If you were planning to buy this book to "learn" about Killington, you no longer need to. Even though this book may be a scam, it is highly recommended to anyone who feels in the holiday spirit and wishes to make a gift to the author, , and any other possible beneficiaries.
