## Synopsis

â ¢ Waterproof â ¢ Tear-Resistant â ¢ Topographic Map

In the spring of 1996 wildfire roared through the Buffalo Creek area. Soon after a group of dedicated mountain bikers, working the US Forest Service, started work on an extensive network of trails. Those trails now cover almost 100 miles of mixed terrain from thickly wooded hillsides to open plains with the remnants of matchstick like tree trunks left from the fires. The Buffalo Creek Mountain Bike Trails map is a detailed resource for mountain bikers with ratings and clearly marked single-track and double-track trails. The back side of the printed map includes a group of selected loops and trails for all riding abilities from beginner to expert. Each suggested ride has a trail profile that clearly shows the climbs and descents as well as trail crossings and other waypoints along the way. The rides also include turn by turn directions and commentary on interesting landmarks along the way. No matter what your riding skill, from novice to rock hopping daredevil, the Buffalo Creek Mountain Bike Trails map has miles of rides for everyone. Every Trails Illustrated map is printed on "Backcountry Tough" waterproof, tear-resistant paper. A full UTM grid is printed on the map to aid with GPS navigation. All proceeds from the purchase of a National Geographic map help support the Society's vital exploration, conservation, scientific research, and education programs. Other features found on this map include: Buffalo Creek Recreation Area, Pike National Forest, Little Scraggy, Miller Gulch, Gashouse Gulch, Blackjack Trail, Raspberry Ridge Trail, Pine Valley Ranch Open Space Park. Map Scale = 1:30,000 & 1:40,000 Sheet Size = 26.25" x 19.5" Folded Size = 4" x 7.5"
