Apollyon Rising 2012: The Lost Symbol Found And The Final Mystery Of The Great Seal Revealed

Synopsis

Best selling author Thomas Horn had been wrestling with certain images and enigmatic information for years having to do with the beliefs of an Occult Elite pertaining to the return of a pagan deity, which they believe will rule a final earthly empire. The Bible identifies this personality as the Antichrist. But now things were making sense to Thomas â “ world affairs, changes to U.S. domestic and foreign policy, a renewed focus on the Middle East, Israel, Iran, Iraq, Babylon â “ and he found it astonishing. The words, deeds, gestures and coded language of the worldâ™s most powerful men were clearly pointing to an ancient, prophetic, cryptic and even terrifying reality. What even the best researchers of the Illuminati and veiled fraternities such as the Freemasons were never able to fully decipher is spelled out herein for the first time. The power at work behind global affairs and why current planetary powers are hurriedly aligning for a New Order from Chaos is exposed. Perhaps most incredibly, one learns how ancient prophets actually foresaw and forewarned of this time. Thomas believes this New World Order is very near.

Book Information

Paperback: 320 pages

Publisher: Defender (November 24, 2009)

Language: English

ISBN-10: 0982323565

ISBN-13: 978-0982323564

Product Dimensions: 8.2 x 5.4 x 1 inches

Shipping Weight: 12 ounces

Customer Reviews

"Something this way wicked comes," writes the author in describing the future for America and the world. The line is from Shakespeare's Macbeth, in which a witch pronounces Macbeth a traitor and a murderer. But Shakespeare's darkest literary revelation can't begin to rival the ominous unveiling Tom Horn performs in Apollyon Rising 2012: The Lost Symbol Found and the Final Mystery of the Great Seal Revealed. This is no play dreamed up by the Bard. There is, in reality, indeed something

wicked headed in this direction. Apollyon Rising forewarns of its approach in a way totally unique in my experience as a writer/researcher of matters involving eschatology--the study of end times. I sense that Horn's book is destined to garner great interest from all quarters of the halls of intellectual curiosity, not just from those fascinated with Bible prophecy or prophecy in general. The author tells of awakening one night in a swirl of epiphany, his hours of research congealing into the realization that specific, controlled versions of American history had kept him "in the dark, blinded from the actual course that a frightening network of hidden powers had set our nation upon years before." Suddenly, Horn relates, "pieces of the puzzle began rapidly falling into place. Things were making sense now--world affairs, changes to U.S. domestic and foreign policy, a renewed focus on the Middle East, Israel, Iran, Iraq, [and] Babylon..." The preface to Horn's book states the end to his long-time skepticism of conspiratorial claims of the dark forces shaping and molding America's and the world's geopolitical configuration for the future course of history.

I am probably going to get flamed for this review, but I feel the need to be completely honest here. I am a believer in Jesus Christ meaning that I'm a born again Christian. I also believe in all eschatology from a pre-tribulation point of view....meaning I also believe in the rapture of the church. With that being said I'm a little disappointed with this book. I read 2012, the Bible, and the End of the World by Mark Hitchcock first and found that book to be a little repetitive and thought this book would be less so but I found out quickly that this is not the case. Reading the first 19 chapters felt like paging through a history book. It was as if I was reading around in circles if that makes sense....I really don't know how to explain it. There are 20 chapters in the book with the first 19 chapters dedicated to the history of the Freemasons, the ancient pagan Gods and the rituals that were practiced. At times I felt as though I was literally reading a history book about all the ancient Gods (demon entities) with a list of all their names, which ancient civilizations worshiped which God etc. The information about the Freemasons has been done so many times especially all the symbols and what they mean, interpretation of the Great Seal etc. I was beginning to get really frustrated and bored and had to put the book down several times. Chapter 20 was the best chapter because it wasn't repetitive and the author provided a lot of excellent information that I didn't know right off the back. The whole book could have been tied up in Chapter 20. In my opinion chapters 1-19 were filler chapters with chapter 20 being the meat of the entire book. It's like Mr. Horn saved the best for last or something. I could have read only chapter 20 without reading the rest of the book. Mr.
