Synopsis

Excerpt from Observations of Comets, From B. C. 611 to A. D. 640: Extracted From the Chinese Annals, Translated, With Introductory Remarks, and an Appendix, Comprising the Tables Necessary for Reducing Chinese Time to European Reckoning and a Chinese Celestial Atlas In the twenty-four divisions of the Chinese year in Table H, the asterisks referred to in p. Xxiii, line 1, of the Introductory Remarks were accidentally omitted. They should be placed before every second line commencing with Ta Han, Jan. 21, and ending with Tung Che, Dec. 22. This led to an examination of Biot's Catalogue, and I quickly found. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
