Confessions Of An Illuminati, Volume II: The Time Of Revelation And Tribulation Leading Up To 2020

Synopsis

After his master thesis of the secret societies network as outlined in volume 1, the Confessions of an Illuminati narrative of Leo Lyon Zagami is projected to the reality of today, including the occult maneuvers behind the New World Order. We need to wake up beyond our current belief systems, because the "controllers" of the New World Order are moving fast using the "Prophecies" to their advantage to implement their evil plan by 2020, when World War III will finally break loose. The author demonstrates that the hierarchy of power emanating from Rome and Jerusalem, with the Jesuits and the Zionist's united by a secret pact since the Second Vatican Council, are in cahoots working towards the creation of a world government. There is also China playing a new role in the NWO with the far reaching tentacles of Chinese Freemasonry manipulating economic Hit Men and disinformation artists, while Russia is building their Christian orthodox alliance to apparently oppose the Western antichrist. In this unprecedented scenario, we also have the involvement of the big media moguls like Ted Turner and Silvio Berlusconi and their role in manipulating perceptions. The author discusses further aspects of the Satanic infiltration of Freemasonry, pointing out on the generational aspect the many ways of defending yourself psychically against black magicians, but also against the many sects operating in the Illuminati Network.

Customer Reviews

Leo Lyon Zagami has published extensively on the forces of Freemasonry, is himself a 33rd Degree

Grand Master Mason, and should be considered a privileged insider uniquely qualified to write of Secret Societies, their Occult Governments and New World Order, the latter described by the author as despicable, ruthless, dark and evil. Their single goal is to establish a World Government under a plan to eliminate 95% of the world's population. The New World Order is partially financed by drug trades that trace a long history back to British India, Chinese empires, the Illuminati Network, Hong Kong Triads and global secret societies. On a more subjacent matter the author writes of The end of HAARP, an event at first glance that is welcomed by many because the original goal of ionospheric research has since been back-seated by a bureaucracy into climate control, physiological and emotional delusions inflicted on individuals under remote mind control "psyschotronic weapons", and electromagnetic radiation tests. The author writes of his own exposure to the latter by governments operative adversaries. Many of the functions of HAARP have been assumed by a mysterious mobile platform called the Sea-Based X-Band Radar under the control of the U.S. Department of Defense. Ted Turner is the largest land owner in America and was the founder of the CNN news channel in Atlanta, Ga. He is also a promoter of eugenics along side a dramatic reduction in world population to 500 million people, as inscribed in the famous Georgia Guidestones an imposing granite monument described by some as the American Stonehenge. Among other mandates the Guidestones also refers to the establishment of an International Criminal Court and a world government.

Leo Zagami is an author that is truly unmatched in the literary field of investigative journalism and books that unmask the forces that control national and world events from the dark shadows of the tiny, super powerful elite. His books, three now available in the US, are studies of these forces and the people who have agendas that spell a cataclysmic future for humanity, and not in the distant future, but, as the subtitle of this book states, "The Time of Revelation and Tribulation Leading up to 2020" I have read both of his former books and found them to contain information that I have not found in my 30+ years of reading other highly respected authors in this critical genre. He writes of what he knows from first hand experience, and interacting with many of the players and secretive groups that rule world events from their ultra rich, ultra powerful positions. People such as the Rothschild banking cabal, David Rockefeller, Bill Gates, Henry Kissinger and similar evilly motivated globalists whose fingerprints can only be discerned after the events they caused are analyzed in hindsight. This is what makes this book so pivotal in realizing the future of an Orwellian dystopia that looms in our immediate future. I can't emphasize the importance of his books, especially this volume enough if one wants to see before the deadly dominoes fall, leading to a Satanically inspired doom

that is incomprehensible, yet unstoppable to humanity's demise. Here are just a few of the many salient points that should awaken people to this evil future.^{1.)} "On the cover of my book, you will find the date 2020.
