Snowboarding: Learning To Ride From All Mountain To Park And Pipe

Synopsis

* Tips on the latest gear and developments in the snowboarding industry* A useful manual for those serious about improving their technical snowboarding skills on the mountain* Clear, authoritative approach to learning the techniques of the sportWith millions flocking to the sport each year, snowboarding has become one of the of most popular winter pastimes. Written for the beginning to intermediate practitioner, Snowboarding focuses on the techniques of the sport, from park and pipe riding to boardslides and tail presses. Liam Gallagher details everything from the basics of understanding snow conditions and park responsibility to the fundamentals of riding, with a complete explanation of jumps and rails. Featuring a history of snowboarding, a breakdown of choosing and caring for your snowboard gear, and testimonials from professional riders, this is the comprehensive guide to get you out on the mountain.

Customer Reviews

The text was well written and organized however the selection of photos were rather self indulgent. The photos did not lend themselves to the "how to" purpose of the text. The photos were purely meant to WOW. Photos were unimportant as instruction AND TOO BIG. (These photos should have

been presented in color. B&W was a waste and took away from the wow.) Replace the current photos with instructional how-to photos or illustrations.
