## Customer Reviews

It is tough to navigate through this as a Kindle document, but it is convenient to have it on my phone. If I was a little more organized and could conveniently carry the book, I would just buy the book version. But it is so nice to have it right on my phone.

This years book covers the rules that are pertinent to the official and is user friendly .Kudos to the editing staff. Their is a run on words on location 985 in the ebook in the Penalty section.

The book is ok but there's too little on each page which accumulates to more pages than necessary. But it is informative.

good for review of rules past referee called back to help as needed with the young kids learning the game

much easier to read on ipad. Search makes it simple to look up situations

Was what I wanted. Came in handy at several matches.

Great book for any coach or referee to have on hand.
