## Customer Reviews

Nine books in (12 if you count Kiev's trilogy) and still going strong! I love how after all of these books she still manages to keep the story fresh and exciting and I'm always left excited for the next installment! Admittedly I wasn't a huge fan of Kiev's trilogy, I really liked Kiev but couldn't connect at all with Mona so I was glad to see that the author was leaving that story at three books and wrapping them back into The Shade series because I love the world she's built with The Shade and I was excited to see how Kiev and Mona would fit back into the fold. Of course

they were introduced back into the story seamlessly and it perfectly fit into the other events that were unfolding with Caleb and Annora. I loved seeing Kiev reunite with Sofia after all that time, especially after all Kiev has been through and how much heâ™s changed. It was also super tense as he came face to face with Derek for the first time since kidnapping Ben. It was great how the âbond of bloodâ™ theme played out and I think itâ™s going to make for a very interesting dynamic on the island going forward! This book was chock full of danger and action as the crew sets out to find Anna. Trouble awaits them as they enter Annoraâ™s island and things look hopeful many times, but in usual Shade fashion there are many twists and turns and things just come together so cleverly. These books really are a lot of fun to read! One of the best things has been seeing Sofia and Derek as parents to teenagers, theyâ™ve matured so much and I love seeing them going all mama and papa bear over Rose and Ben.
