Customer Reviews

As parents of 2 goalies, we have read many "goalie instructional" books and have been very fortunate to have great goalie trainers and mentors. I only wish The Power Within was available 10 years ago. This is the definitive goalie guide that will elevate your game by educating your mind and mental processing to a new level. The dynamic relationship of the 3 Pillars for Goalies creates a positive and unique approach that any level goalie will benefit from and create new foundational strengths to build upon. The candid and open interviews with some of the world's best goalies and goalie educators/mentors provides important insight into real world application of the principles discussed. The book can be read by any level goalie, though provides a wonderful opportunity for parents to share in the position through the lens of "being behind the mask". Clearly, one of the best ways we as parents can show love and support to our goalie inspired children is to read the book with them - as a parent, I have been inspired and challenged by the writings not only in better understanding my son's position as a goalie, but also how to excel in my own professional career. The principles discussed and applied can positively impact the classroom, other sports, and relationships. Leadership, character development, forgiveness, and ego management apply to all walks of life. My favorite chapter is "Why being wrong is right". I would highly recommend this book to all goalies, their parents, any coach that comes in contact with goalies (all coaches) and defenseman - we expect much from our goalies; goalies expect much from themselves - finally the book that meets the challenge.
