The Devil In Disguise (Bad Things Book 1)

Synopsis

Don't make the devil angry! Luke Thorne loves having one hell of a good time. As the ruler of every dark creature to walk the earth, he certainly has more than a bit of a bad side. He lives for danger and isn't the type to lose his heart—mostly because he doesn't have one. Then she walks into his life. Mina James is seduction in the flesh, a perfect temptation that the devil himself couldn't pass up. Too late, Luke realizes he's let a real siren into his life, a woman who is bent on using his dark powers to free herself from hidden enemies. Since Luke isn't the type of man to be used, he should walk away from her, but something about Mina draws him close. Soon he's realizing that she isn't who she appears to be. Not dark and cold, but burning red hot. Mina is a woman fighting for her life—and the Lord of the Dark suddenly finds himself in an unlikely role—hero. Luke isn't going to let her enemies destroy Mina. He will fight heaven and hell to keep her. But in the end, the secrets they both carry may just rip apart a love that should never have been! There are Bad Things in the world—very, very bad. Are you ready for them?

Customer Reviews

Started very strong but dragged on way too long with the bad guys not getting what they deserved

and good guys getting what they did not. I have and love all of her books, just did not think this is one of her best

I wanted to like this book. Then I just wanted to get through it. I've thrown in the towel and I'm not even to the halfway point. The cover is great, the prologue started out strong. And then, she essentially castrated her main character. For the love of God, Luke is supposed to be the Devil and dangerous, etc. He's not. For those actually wanting to read this, I am trying not to give anything away. The girl, Mina, screws him over by trying to steal from him. In return he basically wants her to love him and want him. He's no more than a sexy rich guy with a paranormal quirk. He doesn't feel dangerous. I really wish I had taken the sample instead of outright buying the book based upon other people's reviews- which I now find kind of suspect. To the author, I'm sorry, it's not personal. I just really felt like you had a great story in the beginning. The prologue was great. The part in the bar was great. Then it really wasn't.

• Luke I want you | I want you rough, I want you wild, and I want you dark. • The Devil in Disguise is not to be missed! Luke Thorne is an evil beastly that I'd gladly join the Darkside in order to be with him. Sigh | Luke Thorne is growing bored with the trivial humans he is forced to tolerate, until Mina James walks in the bar and gives him an offer he can't refuse. Mina has a certain skill that can force anyone to do her bidding with just the sound of her voice | and even the Lord of Dark can't resist her charms. Is it her voice or something else that draws him to her and makes him want her beyond just a night? Has the Dark Lord found his light | his ability to care | to love? Is Mina the One? This story has everything a reader could ask for in a paranormal romance | action, mystery, & hawt dirty naughty sex with The Lord of Darkness! Highly recommend & can't wait for the next in the series!

To be honest, after the first few pages, I wasn't sure about this book, even though I'm a faithful fan of Cynthia Eden. But truthfully, she knocked my socks off with this very original story. I don't believe in retelling the story when writing a review, ruins it for me. You will not be disappointed in reading this very "novel" novel. Another Eden winner. Now I'm on to Book 2.

I have to say this book wasn't exactly what I expected, I thought it would be darker it talks about Luke Thorne being the ruler of every dark creature that walks the earth and him not having a heart when actually he's kinda cute and a real softie, not at all what I expected. The idea behind it is good,

there's a prophecy, there's always a prophecy'â | Once upon a time, twin boys were born. One was predicted to be a bearer of light, the destined ruler who would protect all humans. He would fly through the skies and guard from above. He would be on the side of good. The righteous. The other twinâ |his fate was to be much darker. No goodness was seen in his future. Witches feared him on first sight. Seers turned away, shuddering at the visions they saw. Because he was born for darkness. Every creature that hid in the night would bow to him. He would rule them. The world would fear him. He would do very, very bad things. Time passed. The boys grew up. They lost their humanity and became something far, far more. One was goodâ |wings spread from his back. Angels bowed to him. And his brotherâ | He had a really f***ing good time as he did his very, very bad things.'And it started well, I liked the idea of an agency.....well I'm not going to spoil it for you, it's an interesting paranormal read it just felt a bit too much like a Mills & Boon book to me,

This cocky little devil has quiet a personality. Sexy, smart, and oh so bad! I like the way the author plays these characters off of one another. I found this book leaving a smile on my face several times. Well worth a reading, do it at night and pleasant dreams. :)

My Thoughts - 5 out of 5 Unicorns - I loved it!!!**I bought this September 9thThe cover is pretty amazing! I like it!!This is the first book in the series, and also the first book by Cynthia Eden that Iâ™ve read even though I own 10 of so of her books already. This is for adults only due to the violence and steamy content.This book had me from the start. I was compelled to read it and not put it down. I will definitely be reading more of Cynthiaâ™s work. She weaves a fantastic story that pulls you into the story. I love when a story does that. Mina and Luke were both people who should not be stereotyped. People are not always good or always evil though are sure people can be one or the other most of time. I definitely donâ™t want to give any of the story away though.If you love paranormal romance and an assortment of paranormals, then I think you do not want to pass up this book! Fantastic read!! Canâ™t wait to read the next book!

Finally - another series by Eden I like!Most of her recent stuff is not at all to my taste but this was just what I enjoy the most.Badass, bigger then life hero. Kickass heroine. Solid plot and plenty of sizzling connection between the MCs.Plenty of secondary characters destined for books of their own, of course. Which I'm fine with.I'm very happy with this and recommend to anyone who enjoys a good paranormal with multiple paranormals.
