These stories from members of Eckankar throughout the world are genuine and unique. They belong to those who experienced them. Personally, I had a few *real* experiences with some ECK Masters that proved to me -- without a doubt -- that those people are indeed genuine and unique. Yet, what's the use of telling MY stories here, since they belong to me! I don't have to prove anything to anyone, yet Eckankar offers ways and tools so anyone can prove the reality of the ECK

Masters for themselves. I don't have anything to sell, nothing to prove, and I don't care if people join Eckankar or not, but I care about authenticity, real facts, and genuine experiences. A couple of dear friends of mine, also ECKists, had real encounters with one or two ECK Masters... before they were even aware that the path of Eckankar existed! Spirituality starts within ones heart. So if your heart is pure, if you are a sincere seeker who is genuinely looking for spiritual freedom, here and now, then maybe you will find some answers in the teachings of ECK and in this book. Some people love to criticize others. They don't like what they wear, what they eat, what they read, etc., in a word, they don't like what they are themselves. If YOU believe in yourself, and believe that you ARE Soul, a divine entity, eternal and indestructible, then you too are unique and genuine. Listen to your heart, not to others thoughts. If you really love life, you will know to listen to your own inner self, not others. Happy reading!

Belief in Angels, Spiritual Beings, Invisible Guardians, Divine Ones who appear and help people in moments of crisis has existed since time began. Saul of Tarsus on the road to Damascus, Joan of Arc, Moses, Abraham, Noah, The Lady of Fatima, Plato, Socrates, Lot, Theresa of Avila. Literature, religious and historical, is filled with spiritual encounters which comfort us and give us hope. Likewise, author Harold Klemp shares stories of ordinary people today, their challenges, their experiences, and how they were helped by Divine Beings, Spiritual Masters. These moments changed their lives for the better, forever. A compelling inspirational collection of true stories.

I have found that the masters in this book work with ALL people, not just students of Eckankar. Sometimes people read of these masters or see their sketches and remember workign with them in other times of their life. Great book.

I enjoyed this book very much. If you are interested in the concept of guardian angels, I would definitely recommend it.

I have this on my Kindle, which I love. Each evening at bedtime, I listen to one of the ECK Master stories and practice the exercise to meet with them. The result is a richer dream life and a greater awareness of the help, guidance, and protection that surrounds me every moment of my life.

Harold Klemp, the author, introduces many ECK (Holy Spirit) masters in this volume. So much spiritual truth is intertwined through the various stories. These masters, it is explained, my be

experienced by the individual who makes an effort to connect with them.

I truly enjoyed reading this book. It is a reminder that we are never alone and that we are fully supported with guidance, protection and divine love. What makes it even more interesting is that the stories presented in the book are true - not fantasies. It's validating on a personal level. While reading, I felt an inner connection with some of the Masters...as if I've known them before. This book opened my heart.

It was a delight to read about those wonderful ECK Masters. If you have ever wondered about other states of consciousness you will enjoy this book. This book introduces to the spiritual giants who exemplify the love that God has for all souls. A meet and greet for all.
