The Ticket: Full Disclosure: The Completely True Story Of The Marconi-winning Little Ticket, A.k.a., The Station That Got Your Mom To Say 'stay Hard'

Synopsis

Beyond the inside jokes, the fake bits and the banter, *The Ticket: Full Disclosure* gives you the complete low-down on how *The Ticket* got started. From the boys at the back of the bus to one of the most imitated sports talk radio stations on the air today, get the full story as told by the guys you tune in to hear on 1310 AM every day. On the occasion of *The Ticket*'s 15th anniversary, Ticketheads finally have a book revealing all the history and behind-the-scenes hijinks of the Marconi-winning radio station. The ultimate bathroom book for every good, strong P1, this is the true, unvarnished *Ticket* story of how Mike Rhyner and the gang evolved from press-box yuk monkeys to forming the core of one of the nation's most popular radio stations.

Customer Reviews

I was very excited to get this book, as I've been a devoted P1 since the day the station launched - but my move to California several years ago made it difficult for me to follow what was going on. Often times, I'd catch it online and would miss a lot of the jokes, so I'd have to call out to my P1 friends in DFW for explanations. I figured this book would not only share the history of how the station started, but what has been going on while I was away. Especially the Greggo fiasco. While I learned a little bit about the history and who was involved in putting the station together, I was disappointed in how quickly the book put that aside and moved on to current day goings on. Once it got into each show, as another reviewer said, it was the same stuff we've heard for years ad nauseum. If you're a fan enough to buy this book, there's nothing in there you haven't heard already. That's where I think the book failed. Instead of focussing on stories of each show or

character, go into more details of the behind-the-scenes stories. I worked at The Ticket via an outside vendor and heard more stories those few days than I learned in this book. It's also written pretty poorly. No offense to the author, but some of the sentence structures are junior college level - at best.

I was listening the morning Skip Bayless signed on the first day in January of 1994. The station has the most loyal fan base as if they were a Local Team themselves. Very entertaining book that explains a lot of the organic greatness that was built and still dominates DFW airwaves today

If you are a fan of The Little Ticket then this book is for you! Scott Boyter starts by taking you back to the early days when The Ticket was in its infancy and proceeds to tell the whole success story, highlighting virtually all of the numerous on-air personalities that have come and gone over the years along the way. Additionally, The Ticket: Full Disclosure is also loaded with entertaining stories about the hosts both on- and off-air. I started reading this book and certainly had a hard time putting it down!

A great read for fans of The Ticket. Lots of background on the forming of the Ticket and the behind the scenes things you don't hear on the ticket. Also added some insight on Greg Williams leaving the Hardline. I wished they would have talked more about some of the great bits on The Ticket, but otherwise a great read.

This is a great book about the greatest radio station. I have this read the book a couple times over the past few years, I would definitely recommend it for any P1. Ragonk.

I like the radio station and their hosts but this was not that insightful and felt like a commercial for The Ticket. A bonus for me was the used book I got had autographs from several of the on air personalities in the front and back of the book
