# Bible Doctrine: Essential Teachings Of The Christian Faith

## Synopsis

How do we know the Bible is God's Word? What is sin and where did it come from? How is Jesus fully God and fully man? What are spiritual gifts? When and how will Christ return? If you've asked questions like these, then "systematic theology" is no abstract term. It's an approach to finding answers every Christian needs to know. Bible Doctrine takes a highly commended upper-level textbook on systematic theology and makes it accessible to the average reader. Abridged from Wayne Grudem's award-winning Systematic Theology, Bible Doctrine covers the same essentials of the faith, giving you a firm grasp on seven key topics: The Doctrine of the Word of God The Doctrine of God The Doctrine of Man The Doctrine of Christ The Doctrine of the Application of Redemption The Doctrine of the Church The Doctrine of the Future Like Systematic Theology, this book is marked by its clarity, its strong scriptural emphasis, its thoroughness in scope and detail, and its treatment of such timely topics as spiritual warfare and the gifts of the Spirit. But you don't need to have had several years of Bible school to reap the full benefits of Bible Doctrine. It's easy to understand--and it's packed with solid, biblical answers to your most important questions.

## Book Information

Hardcover: 528 pages

Publisher: Zondervan; Abridged edition (July 12, 1999)

Language: English

ISBN-10: 0310222338

ISBN-13: 978-0310222330

Best Sellers Rank: #9,546 in Books (See Top 100 in Books) #1 in Books > Christian Books & Bibles > Theology > Fundamentalism #146 in Books > Religion & Spirituality > Religious Studies > Theology

## Customer Reviews

I've got a lot of reference books on the bookshelf near my computer desk. Some I haven't opened for years but keep around just in case, others I can't go a week without opening. Bible Doctrine by Wayne Grudem is one of the ones I refer to all the time. I have given this book away so many times now I have forgotten how many, for me it is just one of those books. It is my favourite reference

book and probably the only reference books I could read cover to cover on an ongoing basis if I had the time. I first came upon Wayne Grudem by accident because I accidentally purchased his book Systematic Theology instead of another book I was looking for with the same title. As a relatively new Christian at the time I was impressed with the understandable style that that book explained Christian doctrines. Wayne Grudem has a core belief that doctrine should be biblical, practical and understandable. He always writes and teaches in a way that embodies this belief. As a busy young person with little time I was delighted when I found out that Systematic Theology had been abridged. Bible Doctrine is a more condensed version of Systematic Theology, making it more accessible which is good for people too busy to wade through the textbook style. Despite its condensedness it maintains its depth and thoroughness. It sets out to introduce and cover essential teachings of the Christian faith for people to study once they have decided to become a Christian. Grudem's style of writing is a nice balance between clear understandable language and complete coverage of the important stuff.
